

TO ANNEX HAWAII AT ONCE.

Senator Morgan Introduces a Resolution to Ratify the Treaty.

TO AMEND THE WHITE RESOLUTION.

Proposal to Present a Memorial to the Family of Admiral Worden—Another Long Political Wangle in the House.

Over An Appropriation Bill.

WASHINGTON, D. C., Feb. 7.—An amendment of more than ordinary importance and significance at this time was proposed in the Senate to-day by Mr. Morgan, of Alabama, to the resolution offered a few days ago by Mr. White, of California.

Mr. White's resolution declared that it was the resolve of the Senate to send to the Hawaiian Islands a commission to ascertain whether the Hawaiian Islands are a part of the United States and whether the Hawaiian Islands are a part of the United States.

Mr. Morgan's amendment provides distinctly for the annexation of the Hawaiian Islands, and declares that the Hawaiian Islands are a part of the United States.

Mr. Chandler, of New Hampshire, presented a memorial which called to the attention of the Senate the most thrilling events of the civil war.

Mr. Chandler said that Admiral Worden conceived the idea that it would be proper for the government to send a memorial to the family of Admiral Worden, who was killed in the battle of the Monitor.

MYSTERIOUS TROUBLES.

Few People Understand or Realize It. A Clear Explanation of Its Nature and How to Avoid It Clearly Shown.

What is this mysterious trouble that is coming upon the people?

Why is it that we see so many men who look weak, nervous and wholly out of condition?

Why are so many women, whom we see pale, with parched lips, dark lines under the eyes and a general lack of lustre?

These things seem to be greatly increasing of late, and without any apparent cause. We see more men who lack vigor than ever before. We meet more women who seem broken-down than in the past. Surely there must be a cause for all this—and there is.

These troubles can arise from but one cause, namely, disordered kidneys or urinary organs. Indeed, it is now admitted that the region of the lower body is the prime source of most physical ills. When the kidneys become diseased the blood becomes poisoned and all the troubles such as sleeplessness, lack of appetite, nervousness, restlessness, tired and despondent feelings follow in its wake.

The truth is, people are not well, but they do not know it. They are not well, but they do not know it. They are not well, but they do not know it.

THE CURE

Of mankind—contagious blood poison—claimed as its victim Mr. Frank B. Martin, 925 Pennsylvania Avenue, Washington, D. C., and the usual physician's treatment failed him not the slightest good. His condition reached that deplorable stage which only this terrible disease can produce.

THE CURE

After all else failed, was at last found in S. S.—the greatest of all blood remedies. Eighteen bottles removed the disease permanently, and left his skin without a blemish.

S. S. S. is guaranteed purely vegetable, and is the only known cure for this terrible disease. Books free.

THEY "MAKE FINE MEN."

THE MERCHANT TAILORS BEGIN THEIR SESSION TO-DAY.

A Number of Prominent Visitors Registered at the Jefferson Last Night—The Entertainment Programme.

THEY "MAKE FINE MEN."

The thirteenth annual convention of the Merchant Tailors' National Exchange of the United States, which was to order by President Chase at 10:30 o'clock this morning.

A majority of the delegates arrived last night, and they are certainly a fine looking body of gentlemen. Taking the body as a whole, it is a representative gathering. The members are the solid men of their respective localities.

A few delegates arrived Sunday and during the day yesterday, but the greater number came in between 6 and 8 o'clock in the evening, and Room Clerk Hooker and his assistant, Mr. Frank Street, of the Jefferson, had all they could do to room the guests.

As soon as the evening was over the delegates went into the lobby, and while the Jefferson Orchestra rendered popular music, old acquaintances were renewed, and a running talk about former conventions was kept up until after midnight.

Messrs. F. C. Ebel, E. E. Myers, N. Simon, H. Z. Ebel, H. Whitlock, W. J. Ebel, H. Wolf, J. E. Ewig, A. Simon, and E. B. Thiel of the local exchange came to the hotel early and mingled with the gathering, welcoming the strangers, quite a number of Richmond business men introduced themselves to the delegates, who put in good words for Richmond and told interesting facts about the city as a commercial center.

Pleased with Richmond.

President Chase, who is a most entertaining and agreeable gentleman, has always expressed himself as much pleased with the city, and is sure that the convention here will always be recalled as one of great pleasure to the delegates.

Many of the delegates brought their wives and daughters with them.

The exhibition of fancy work, the art of the profession, will be open to the public this afternoon, and, to say the least, is the finest collection of clothing ever seen in Richmond.

The executive committee went into session at about 9 o'clock, and at a late hour not adjourned. The programme of the work of the convention will be put out and given out at the meeting this morning.

Among the prominent delegates who have arrived are Messrs. W. H. Lent and Charlie Spinnery, of New York; the only Charlie Spinnery, the pet of the newspaper men of St. Louis; and the only man of St. Louis and the only man of Philadelphia; Messrs. W. Matthews and M. H. McCarty of Chicago; Frank Maynard, of St. Louis; John Patterson and Julius Weiss, of New York; Louis Standish, of Boston; George O. Wood, of Washington, C. E. Hyatt and J. Schaub, of Chicago.

Mr. Lent is one of the best-known fur-furnishing men in the country, and is the owner of one of the best fur stores in the world, and his associate, Charlie Spinnery, is well-known here.

The local tailors, led by President H. Whitlock, are just as fine looking as the strangers. The local men have arranged their programme for the entertainment of the exchange.
